Major courses CANNOT be double-counted towards minor or second major requirements.

*Hist 201 and 202 will fill the GE History of Civilization requirement. If a 201 &/or 202 is taken in another area besides Hist or HonP, then an equivalent number of additional history elective hours must be taken to fulfill the required 36.0 major hours.

* Note that students must apply at least one semester prior to the semester they wish to begin taking the education courses. For the Education Application please see the following website: http://www.byu.edu/ted/pdf/socialsciences.pdf

*A teaching minor is NOT required for licensure. It is, however, strongly recommended. Consult with the Secondary Education advisor in 120 MCKB to determine which minor would be the best for you.

### Student Teaching Prerequisites:

**Teaching Major:** Complete at least 24 hours in your teaching major (or 36 hours in a composite teaching major). Some departments require more than this minimum before they will clear a candidate for student teaching.

**Teaching within a Minor:** Students requesting to student teach in the area of their teaching minor must (1) complete all minor course work before student teaching and (2) obtain written permission from the Teacher Education Department (215 MCKB, 422-4077) and the teaching minor department.

**Professional Education Courses:** Complete ScEd 276R (application to the program required before enrollment), 350, 353, 352, 378, 379, IP&T 286, and Hist 477.

### Licensing Procedures

Students are responsible for keeping the EAC informed of their progress toward licensure. If any changes are to be made in the licensing program outlined in the catalog, the student must prepare and circulate the necessary memoranda to obtain approval from both the academic major department and secondary education.

To avoid undue delay licensing, students are urged to arrange for a personal review of their EAC file well in advance of registering for their final semester, because completion of graduation requirements does not necessarily mean that all licensing requirements have been met.
