### ECONOMICS B.A. (736020)

In addition to B.S. requirements,
- complete EITHER:
  - the MATH option listed to the right
  
  ☐ **MATH**
  (7.0 hours of math beyond Math 112; Math 119 does NOT count as part of the 7.0 hours)
  4.0

  ☐ **LANGUAGE**
  (Completion of the GE Foreign Language requirement)
  3.0

  TOTAL HOURS IN MAJOR: 40 - 57

* Equivalence to Econ 378 includes Stat 321 and either Stat 322 or Math 343.
* Math 119 with a grade of B+ or better may be substituted for Math 112. Notify your academic advisor if this applies to you.
* Math 113, 214, and 343 are strongly recommended in addition to Math 112 for students contemplating graduate studies in economics.

-- 200-level field courses are intended as interim courses as a student moves from Econ 110 into the 300-level core courses. Once the student has completed Econ 380, he or she is strongly encouraged to take the 400-level rather than the 200-level field courses.
--Students should NOT take both a 200-level and a 400-level course with the same last two digits (e.g., Econ 275 and 475), although they ARE encouraged to take the 300- and 500- level theory classes (e.g., Econ 380 and 580).

- Minimum residence requirement is 21 hours in the major.

** Students who plan no formal education beyond the bachelor’s degree should take other courses that will enhance their employment opportunities. Consult a faculty advisor or your academic advisor for suggested minors, majors, and skills. Students are encouraged to take Student Development courses related to Career Planning in their Junior or Senior year.
